PROTESTS

- Lorry owners, CPI members demand roll back of hike in fuel prices
- Midday meal workers condemn sudden retirement of staff

Mysuru, Apr. 11 (PM&KS)- Condemning the sudden decision of the Government to retire midday meal workers, who are aged 60 years, more than 100 midday meal workers from across the district under the banner of Karnataka State Midday Meal Workers Association staged a protest in front of Zilla Panchayat (ZP) Office in city this morning.

The protesters, who assembled near the Gun House Circle, took out a march, passing through Chamaraja Double Road, Ramaswamy Circle to ZP Office on Krishnaraja Boulevard, where they staged a dharna.

(See PROTESTS on page 7)

Ropeway project atop Ch. Hill

Unbridled growth must stop: BJP MP Prasad

All outsiders residing atop Hill must be evicted: MLC Vishwanath

Mysuru, Apr. 11 (SBD&BCT)- Chamarajanagar BJP MP and a long-time resident of Mysuru V. Sreenivasa Prasad has reiterated that Chief Minister Basavaraj Bommai must be convinced about the dangers to ecology and forests if at all the ropeway project and railings to the steps are implemented atop Chamundi Hill.

Throwing the ball in the court of Mysuru District Minister S.T. Somashekar, Sreenivasa Prasad said that the onus of coaxing the CM to withdraw the destructive projects is on Somashekar.

Addressing a team of reporters at his residence last evening, the MP, who earlier too raised the issue, said that the projects threaten the very existence of Mysuru's natural gift.

Sreenivasa Prasad

A.H. Vishwanath

The MP had earlier written to the CM urging him to drop the project as any move to construct a ropeway will destroy the Hill. "Ropeways are constructed at valleys where the access is difficult and at places that are unsuitable for vehicular movement. What is the need for a ropeway when one can reach Sri Chamundeshwari Temple in 20 minutes? There are steps and roads to the top of the Hill. The ropeway idea is irrelevant," he said.

Discourse on 'Sanatana Dharma' at Ganabharathi on April 16, 17

Shanmukha Sharma

Mysuru, Apr. 11- Telugu Samskritika Samithi (TSS), Mysuru, has organised a two-day discourse on 'Sanatana Dharma - Visishtatha, Aacharana' in Telugu by renowned Vedic Scholar and Philosopher Brahmasri Samavedam Shanmukha Sharma of Hyderabad on Apr. 16 and 17 between 6 pm and 8 pm at Ganabharathi in Kuvempunagar here.

For details, contact TSS Secretary DVSN Srinivasa Rao on Mob: 94486-00322 or Dr. Harinath on Mob: 94804-43108.

Sri Samavedam Shanmukha Sharma is possessing profound knowledge in Sanatana Dharma, vedas, puranas, Itihasas and his scholarly discourses made a deep impact across the globe. He is an authority in commentary on Lalita Sahasram, Ramayanam, Gita, Mahabharatam, Adi Shankara's works to name a few.

He is instrumental for bringing about a cultural and spiritual renaissance through his discourses in TV channels and YouTube. His handling of the subtlest subjects of epics and Upanishads shows his level of scholarship and command, besides interpretative expertise. He draws huge gatherings of discerning listeners everywhere.

Telugu Samithi will be felicitating Sri Samavedam Shanmukha Sharma on Apr. 17 with 'Telugu Koyila' award, instituted in memory of its Founder-President late Dr. SVS Rao and his wife Sonti Sreedevi.

EDITOR'S BOTTOMLINE

BEING MULTILINGUAL: ***The demand from parents has led to a sharp rise in the proportion of English Medium Schools in India. More than a quarter of school children are now enrolled in English Medium, making it the largest after Hindi Medium. This trend has influenced the political system and State Governments are now experimenting with bilingual textbooks in Government-run Schools. Telangana, Maharashtra and Karnataka are among States where textbooks have content printed in both regional language and English to get children acquainted with key terms in both languages. It's a pragmatic approach as the rapid expansion of knowledge is more easily accessed with a knowledge of English, the world's most important*** *lingua franca.*

Historical circumstances have given India a national advantage by equipping a sizeable number of people with a knowledge of English, among other languages. It's translated into big economic gains and it's something China is trying to replicate in its education system. The issue should not be framed as one language or another. For millions of parents, the pragmatic choice has been more than one language. It's a sensible choice as being multilingual confers many advantages, and the country has moved in that direction. Politicians have followed suit on the heels of democratic pressure. The task ahead is to find more effective ways of helping children learn more languages.

193.2-pound atlas stone lifted 194 times

Denver: A Colorado firefighter broke a Guinness World Record by lifting a 193.2-pound atlas stone 194 times in one hour.

Dylan Miraglia, a firefighter with the Hygiene Fire Protection District in Boulder County, said he was flipping through the Guinness Book of World Records one day when he spotted a weightlifting challenge he couldn't resist.

Miraglia lifted a 193.2-pound atlas stone 194 times in one hour - a grand total of 37,470.8 pounds. He beat the previous record by about 8,000 pounds.

The firefighter said he is now working toward breaking a Guinness World Record involving Turkish kettlebells.

Bamboo salt costs $100 for 240 grams

Seoul: Korean Bamboo Salt is a luxury product that can cost over 100 dollars per 8.5-ounce (240g) jar. The price is mostly dictated by the laborious process of making it, which involves roasting it 9 times in bamboo cylinders.

If one thought that pink Himalayan salt was expensive, you probably haven't heard of actual luxury salt varieties. There are actually a bunch of them, including soy salt and pitch-black Kilauea Onyx salt, but at the very top of the list is Amethyst Bamboo, a Korean variety made by filling bamboo cylinders with sea salt, capping them with Loess clay and roasting it nine times in a traditional kiln.

It's a complex process that takes an entire month to complete. Every step is done by hand, so it's no wonder that the salt can sell for over 100 dollars per jar.

One Station, One Product initiative

Temporary Stall opened at City Railway Station to promote sandalwood products

Mysuru, Apr. 11- South Western Railway (SWR), Mysuru Division, recently implemented the "One Station One Product" concept at City Railway Station for the promotion of sandalwood products.

The concept is a novel initiative that was announced in the Union Budget 2022-23 with the objective of assisting local artisans, products and industries.

The initiative aims to promote local products by making each Railway Station a promotional and sales hub for a particular product that will be unique in the area.

The stall has been provided to Karnataka Soaps and Detergent Limited (KSDL), an enterprise of the Government of Karnataka, for a period of 15 days from Apr.8 to Apr.22 to promote and sell their products at Railway Station premises and on the platform.

Apart from soaps and sandalwood oil, KSDL produces detergents, fragrances, talcum powder, hand washes, face washes, coconut oil and agarbathis.

Speaking on the occasion, Rahul Agarwal, Divisional Railway Manager, Mysuru Division, said that Mysuru Station witnesses a footfall of an average of 35,000 passengers on weekdays and upto 40,000 during weekends.

The Division is running various trains connecting different destinations across India and it would be a wonderful opportunity to promote and sell these unique products and make India a self-reliant nation, he said.

Agarwal also stated that more stations in other District Headquarters over the Division shall be identified to implement the "One Station One Product" concept in the coming days.

Budati Srinivasulu, Additional Divisional Railway Manager, Manjunath Kanamadi, Senior Divisional Commercial Manager and other Senior Officials of the Division were present during the inauguration of the temporary stall.

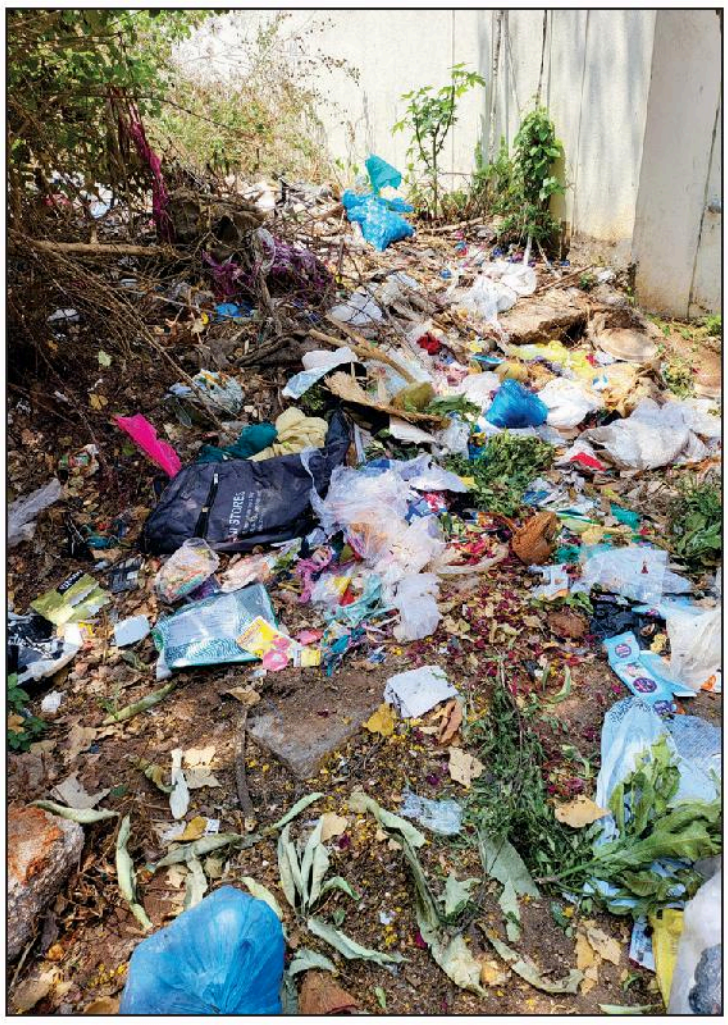
VOICE OF THE READER

Littering: Are we citizens literally responsible?



Sir,

I have a fondness for Mysuru that a child has for its mother's home. It brings me joy each time I visit the city. I grew up as a child here in my grandfather's house in Saraswathipuram in the 70s - 80s and did my medical education in Mysore Medical College from 1990 -1996.

I subsequently lived in other cities in India where I was training before I moved overseas in 2003.

When my father retired and relocated to Mysuru in 2009, coming to Mysuru was an annual pilgrimage which I thoroughly enjoyed (and still do) — the hills, the slow pace and warm people always enamoured me.

Every city changes with time and I was not surprised by the urbanisation. I felt it was slow and measured compared to other metros.

I visited Mysuru in March after a gap of 2-and-a-half years (thanks to COVID). Again, more urbanisation did not surprise but what did was the amount of litter on the streets. This was irrespective of which locality I visited and was widespread across the heritage city.

It was always ingrained in me that Mysureans had exemplary civic sense and sense of cleanliness. Somehow, that impression was shattered.

Was it the sudden growth in population and lack of civic resources to tackle the issue? Was it lack of education or was it just nonchalance?

I am not sure what the answer is and what the solutions to tackle it maybe but it is certainly time for Mysureans (and I include myself in the head count) to take charge to educate, inform and motivate change amongst ourselves and our neighbours to prevent Mysuru from becoming a 'dump yard' and return it to its former state of cleanliness (and glory).

Spoken English from Primary Classes in Government Model Schools: Minister

Kannada writer and** Saraswathi Samman **awardee Dr. S. L. Bhyrappa seen lighting the lamp to inaugurate Round Table Conference organised by Kannada Sahitya Parishat at its premises in Chamarajpet in Bengaluru recently as Prof. Pradhan Gurudatta, former Chairman, Kuvempu Bhasha Bharathi, Hukkeri Mutt Seer Sri Chandrashekara Shivacharya Swamiji, Primary and Secondary Education Minister B.C. Nagesh, Kannada Sahitya Parishat President Dr. Mahesh Joshi and Nidumamidi Mutt Seer Sri Veerabhadra Channamalla Swamiji look on.

Bengaluru, Apr. 11 - Primary and Secondary Education Minister B.C. Nagesh said that English will be taught from Primary classes in the proposed 'Government Model Schools', a new initiative announced in the recently tabled State Budget.

He was speaking after inaugurating the Round Table Conference organised by Kannada Sahitya Parishat at its premises in Chamarajpet here recently.

Pointing out that the State Government has already begun experimenting with bilingual text books in Kannada and English at English Medium Schools run by the State Government, Nagesh said that it was an experiment worth considering to be expanded.

Continuing, the Minister maintained that several Kannada reforms taken up by successive Governments had suffered setbacks due to multiple Court orders.

Noting that the Government is deeply concerned about the dwindling number of students in Kannada Schools, he said that the recent experiment of Karnataka Public Schools has been a success because English Medium of instruction was introduced. We need to work together to stem this tide, Nagesh observed.

The Minister responded positively to a suggestion by acclaimed Kannada writer and *Saraswathi Samman* awardee Dr. S. L. Bhyrappa of earmarking Rs.200 crore every year to provide Rs.3,000 financial aid to students studying in Kannada Medium.

Dr. Bhyrappa said that the aid/scholarship was first conceptualised when D.V. Sadananda Gowda was the Chief Minister, but was never implemented after he demitted office.

Now that there is a BJP Government again, the scheme is worth reviving, he contended. Arguing that students need to be given an option to write exams in the language of their choice, he maintained that this kind of experimentation could break the exclusivity of the medium of instruction.

The writer also suggested that the State move towards a bilingual medium of instruction in Kannada and English to resolve the impasse over medium of educational instruction in the State.

Kannada Sahitya Parishat President Dr. Mahesh Joshi said that the revival of Kannada Schools was crucial to Kannada-Kannadiga-Karnataka. He demanded that the State Government bring in urgent reforms such as asking all Government staff to send their wards to Kannada Schools, all exams in the State to be conducted in Kannada alone and an option to write all National exams in Kannada.

Nidumamidi Mutt Seer Sri Veerabhadra Channamalla Swamiji said that even CET and other entrance tests must be held in Kannada.

Hukkeri Mutt Seer Sri Chandrashekara Shivacharya Swamiji, Education Department officials and several academicians took part in the event.

Rajendra is State Hoteliers Assn. Hon. President

Former Mysuru Hotel Owners' Association President M. Rajendra** (third from right) **and G.K. Shetty of Swathi Hotel Group, Bengaluru, have been elected unopposed as Hon. President (2022-2025) and President of Karnataka State Hotel Owners' Association respectively while Mysuru Hotel Owners' Association President C. Narayanagowda, K. Prakash Shetty, Ravi Shastri, Ugraiah and Subramanya Tantri have been elected as Mysuru District Directors of the Association.

A model Government School at Manchegowdanakoppal

Mysuru, Apr. 11 (GA&TRR)- In the days of Government Schools being closed down citing lack of students, a Government School in our city, because of its infrastructure and quality education, is being thronged by parents seeking admission for their kids and has hence become a model for other Government Schools to emulate.

The Manchegowdanakoppal Government Higher Primary School, renamed as 'Karnataka Public School' during the year 2019-20, has earned the reputation of a Model Government School. It has achieved so much progress in recent years that it is now in a position to offer stiff competition to the more fancied private schools.

The school was started in the year 1956 as Government Lower Primary School in a tiled roof house at Manchegowdanakoppal village, slowly attained phased progress to become a Higher Primary School mainly due to the patronage and cooperation of the villagers.

After this, students who were going all the way to Hinkal for Higher Primary education began to study the same in this upgraded school. Since then the school has made significant strides right from school building to the quality of education offered.

This school is now offering teaching in English Medium and has restricted the student admissions to 30.

Hundreds of parents who want to provide English Medium education to their children in this school are being disappointed. The school which has all the needed facilities and offering good education is also giving priority to other extra-curricular activities thereby creating a huge demand for seats.

Teachers' efforts

It is a known fact that teachers are the real strength of a school and play an important role in shaping the destiny of the school as well as students.

Renovated Manchegowdanakoppal Government Higher Primary School (Karnataka Public School).

> With the co-operation of Manchegowdanakoppal villagers, various organisations, old students and people's representatives, the school has all the facilities. The playground of the school is 500 meters away and it is a problem to take students there and bring them back."
>
> **—Rajaiah, Head Master, Karnataka Public School**
>
> This school with all the needed facilities has earned a good name in providing education also. Now, an atmosphere is needed where parents can seek admissions for their kids in Government Schools.
>
> **—Shashikala, Member, School Development and Monitoring Committee (SDMC)**

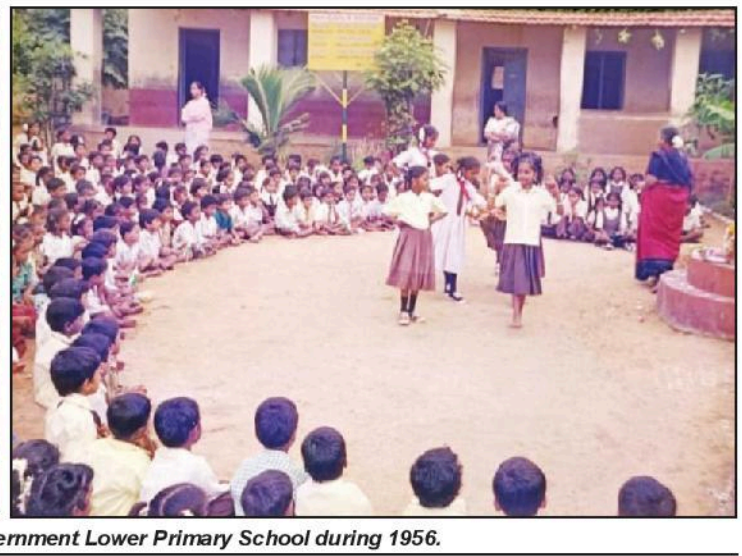
It is worth remembering here all the teachers who worked in this school since 1956. Apart from imparting knowledge, they worked successfully to get help from various Non-Government Organisations (NGOs) to develop the school. Local villagers, people representatives and old students have all joined hands to the overall development of the school.

Presently, LKG, UKG and up to third standard students are studying in English Medium and students from 1 to 7 are studying in Kannada Medium. In all, 406 students are studying in this school at the moment.

Health Care

LKG, UKG students are given groundnut chikkies, egg or banana or wheat kheer. Students of Kannada Medium from 1 to 7 standards are given rice bath on Saturdays and rice and vegetable sambar on other days. Food given to students are checked by teachers before being served.

Many organisations and Institutions are also helping for the overall development of the school. Infosys Foundation is distributing free note books every year. Narayanamrutha Foundation, apart from providing public address system and drinking water facility, has also arranged *Veda Patana* for students. Lunars Company has provided furniture and L&T has built toilets at the school. Pratham, a city-based NGO, has given free computers to students. Recently, Reserve Bank of India (RBI) has provided roof to the open space in the school premises at a cost of Rs. 37 lakh. Apart from these, many organisations have also contributed for the development of the school.



File photos of Manchegowdanakoppal Government Lower Primary School during 1956.

National seminar on 'Kaivara Sadguru Nareyana Yogi' held

'There can be no societal development without peace and harmony'

Mysuru, Apr. 11 (PM&DM)- Regretting that acts aimed at dividing the society are on the rise and little efforts are being made to bond communities, Bengaluru-based M.S. Ramaiah Educational Institutions Vice-President M.R. Seetharam, who is also a former Minister, maintained that there can be no societal development or progress without peace and harmony.

He was speaking at a national seminar on 'Kaivara Sadguru Nareyana Yogi' at a programme organised by the University of Mysore's (UoM) Oriental Research Institute (ORI) in association with Yogi Nareyana Yatindra Prachar Sabha at the University Fine Arts College auditorium on Bogadi Road here yesterday.

Bemoaning that the society is deteriorating alarmingly, Seetharam said that people have begun to lose patience and tolerance. Noting that there is no use in following a religion in the absence of peace, he opined that an atmosphere of harmony and peace will itself automatically lead to growth and progress.

Former Vice-Chancellor Prof. P. Venkataramaiah, in his address, said that the philosophy of all great saints and leaders is very much similar to each other and all of them propagated peace, harmony and equality.

Regretting that discrimination and prejudice still prevails despite the preachings of great saints and scholars over centuries, he wondered what would have been the situation now in the absence of such preachings and philosophy.

Pointing out that Yogi Nareyana Guru, who was popularly known as 'Kaivara Thathaiah' and lived a long life of 110 years, was indeed a wonder saint, Prof. Venkataramaiah said that he was a social reformer who sent the message that everyone are equal.

Former ORI Director Dr. S. Shivarajappa said that such programmes are most welcome at a time when the society is going through a crisis, with divisions between communities on the rise. Regretting that no one cares for Keertanas and Tatvas and everyone is after money now, he said that, however, there is no doubt that the ultimate victor in this world will be spirituality.

Later, a book titled 'Kaivara Thathaiahnavara Chintanegalu,' edited by Dr. T. Ramesh was released on the occasion.

Karnataka State Industrial Infrastructure Development Corporation (KSIIDC) Managing Director Dr. M.R. Ravi, who spoke on the occasion, said that Kaivara Thathaiah's preachings on social reforms is very much relevant even today.

Noting that he got introduced to Thathaiah when he served as a Lecturer at Chintamani in Kolar district over 30 years ago, Dr. Ravi said that he used to often visit Kaivara, which was close to the town, along with his students. Stating that he learnt a lot on the values of life after going through books on Thathaiah, he said that Kaivara, the birth place of Thathaiah, has now become a popular pilgrimage place.

UoM Registrar Prof. R. Shivappa, who spoke about the book, said that the book throws light on the life and preachings of Kaivara Thathaiah.

M. Narayana, M.S. Venkatesh Babu, C.V. Srinivas Setty and Renu, who lent their valuable support for Yogi Nareyana Yatindra Ratha Yatra, were felicitated on the occasion.

Earlier in the day, floral tributes were offered to the portrait of Kaivara Thathaiah, following which Yogi Nareyana Peetha Dharmadhikari Dr. M.R. Jayaram introduced Thathaiah to the gathering and delivered a discourse on his preachings, during which he said that the day is all the more significant as Apr. 10 also happened to be Ramnavami festival.

Bengaluru North University Vice-Chancellor Dr. Niranjan Vanalli, Yogi Nareyana Yatindra Prachar Sabha Convenor H.A. Venkatesh, Journalist Amshi Prasannakumar, Sankalp Group CMD Dr. V.K. Jagadish Babu, RITES-Bengaluru Senior DGM M.G. Sudeep, book editor Dr. T. Ramesh and others were present.

Provocative statements: Congress files complaint against Home Minister

Mysuru, Apr. 11 (PM&DM)- Accusing Home Minister Araga Jnanendra and BJP National General Secretary C.T. Ravi of issuing provocative statements aimed at disturbing communal harmony, a delegation of City and District Congress leaders lodged a complaint with the City Police Commissioner seeking legal action against the two BJP leaders.

The delegation, which visited the office of the City Police Commissioner at Nazarbad on Saturday, handed over the complaint addressed to the Police Commissioner to DCP (Law and Order) Pradeep Gunti.

Charging Home Minister Araga Jnanendra and C.T. Ravi of issuing provocative statements following the murder of a youth in Bengaluru earlier this week, the Congress leaders urged the Police to immediately initiate legal action against the two, as per law of the land.

Alleging that the statements of the two leaders are aimed at disturbing peace and harmony in the society, they said that these statements are made only out of political considerations, targeting a community. They wanted the Police to book the two under various Sections of IPC for creating disharmony and loss of public properties.

City Congress President R. Murthy, District President Dr. B.J. Vijaykumar, Legal Cell President Palya Suresh and a host of other Congress leaders were present.

Prof. C.N. Srinath conferred 'Yatindra Sri' award

Later in the day, the city's Dhvanyaloka President Prof. C.N. Srinath was conferred 'Yatindra Sri' award.

Suttur Mutt Seer Sri Shivarathri Deshikendra Swamiji, who graced the occasion, said that the programme was postponed twice for various reasons. But it seems to be the will of Kaivara Thathaiah that the programme eventually happened on Sunday, which is also Ramanavami day.

Observing that Thathaiah tread the path of *Bhakti Marga*, the Seer said that Yogi Nareyana himself chose it as he believed that it was the best way for attaining 'Moksha.'

Vijnan Foundation for Science, Technology and Research University Vice-Chancellor Prof. P. Nagabhushan, historian Prof. M.V. Srinivas, Senior Journalist K. Shivakumar, former Gulbarga University VC Prof. S.R. Niranjana, UoM Registrar Prof. R. Shivappa, UoM Centre for Gandhian Studies Director Dr. M.S. Shekar, UoM Syndicate Member Dr. Chaitra Narayan, retired Chief Engineer K. Pandurangaiah, ORI Director Dr. K.V. Ramapriya and others were present.

Ropeway project atop Chamundi Hill

Unbridled growth must stop: MP Prasad

(Continued from page 1)

Instead, the Government must provide only basic amenities. Large-scale development in the name of providing basic facilities should be discouraged.

"When I was the Revenue Minister in 2015, certain development works were slated to come up on 8.04 acres of land reserved near Devikere. But soon, a landslide occurred and when I had called for a meeting with the Revenue and Forest Department officials, the Forest officials were not even aware of the permission being sought from them before the development projects were sanctioned. I realised something amiss and stopped the work," he said.

Mysuru District Minister Somashekar is already aware of the people's pulse and he knows that there is serious objection to the ropeway. "He has already stated that the project will not be taken up if people do not want it. He must now convince the CM of the ground realities," the MP said.

Commenting on the works taken up by the erstwhile Mysore royal family to convert the Rajendra Vilas Palace atop the Chamundi Hill into a hotel, the MP said that the proposal was welcome and it is likely to be an international-standard hotel that will attract tourists.

"Already there are all facilities atop the Hill and the Government must apply brakes on any new development work. It is our responsibility to save the Hill from destruction and I feel that any new project should be taken up only if it is absolutely necessary and it must be in harmony with the local environment. A ropeway against the environment is not necessary and it deserves to be dropped," he reiterated.

Retain Hill as-is

Joining Sreenivasa Prasad in the debate was BJP MLC A.H. Vishwanath, who demanded that the Chamundi Hill be left as-is, without disturbing it in any way. "The ropeway project and the project to install railings on the steps are unnecessary," he told reporters yesterday.

Vishwanath said that when he was the Forest Minister, he had sanctioned Rs. 5 crore to fence the borders of the entire Hill so that there will not be any encroachment. The Government must drop the railings and ropeway projects and instead focus on removing encroachment and also strengthening the green ecosystem of the Hill. Commercialisation of a religious place must stop, he added.

"There are many people residing atop the Hill who are not the original inhabitants of the Chamundi Hill village. Many have built their houses and they travel to Mysuru for professional and business reasons. These people must be evicted from the Hill and only original inhabitants of the Hill and those who perform rituals at the Chamundeshwari Temple must get a place there," the MLC said.

Two killed, 48 trapped in Jharkhand ropeway accident

Ranchi, Apr. 11 (Agencies)- Two people were killed and several were injured after some cable cars on a ropeway collided with one another at Trikut Hills close to Baba Baidyanath Temple in Jharkhand's Deoghar district, reports said today.

Forty-eight people are still stuck in at least 12 cabins in the ropeway and a rescue operation by the Indian Air Force (IAF) is underway. Banna Gupta, Disaster Management Minister of Jharkhand, said: "48 people are stuck there. We are trying our best to bring people out."

The IAF received a request late Sunday night for rescuing nearly 50 tourists stuck in the Trikut Hills Ropeway Service. Acting on the request, the IAF deployed one Mi-17 and one Mi-17 V5 helicopter early this morning. The IAF contingent also has a component of IAF Garuda Commandos for conduct of the operations.

A team of National Disaster Response Force (NDRF) has also been deployed at the spot for the rescue operation. *Prima facie*, the incident appears to have occurred due to a technical snag resulting in collision of cable cars, an official said, adding, however, the exact cause is yet to be ascertained.

Jharkhand Tourism says that Trikut ropeway is India's highest vertical ropeway with a maximum lens angle of 44 degrees. The ropeway, situated around 20 km from Baba Baidyanath Temple, is around 766-metres-long, while the hill is 392-metres-high.

There are 25 cabins in the ropeway. Four people can sit in each cabin. The ropeway manager and other employees fled the spot after the incident.

Rise in fuel costs affecting everything, says JK Tyre

Industry unable to go for price hikes also because of market conditions: A.K. Bajoria

New Delhi, Apr. 11 - One of the leading automotive tyre manufacturers, JK Tyre that has branches all over India including Mysuru, has said the tyre industry is suffering a lot as fuel costs and rubber prices have been rising over the last one year, and it is also not been able to pass on properly because of market conditions.

Arun Kumar Bajoria

"Everything that you do, you need fuel, whether it is petrol or diesel. Everything right now is in such a state of flux...for example, natural rubber in India is more than double right now... we are buying natural rubber at Rs. 185 to Rs. 195 and someday it shoots up beyond Rs. 200 a kg. And, natural rubber for us is absolutely a lifeline," Arun Kumar Bajoria, Director and President, JK Tyre, has said.

In a press release, Bajoria said that since the existence of JK Tyre, which is over four decades, the raw material has never showed up the way it has in the recent past. "It was already 34 percent higher than what we have seen in March and now another four or five percent by March-end. So, all together not only me but all the veterans in the tyre-manufacturing have never seen 39, 40, 41 percent raw material price increase," he said.

Bajoria said conversion in terms of percentage to the sales price would be around 25 percent, but the company has not been able to pass on by even 50 percent — neither for original equipment manufacturers (OEMs) nor after market — because the market has just started recovering post-COVID.

He said from the demand side, the industry is improving and from February onwards, the OEMs in terms of commercial trucks have been working well and the demand in February and March was better. "We are hoping that the April, May, June quarter will be better for both OEM in passenger vehicles and in commercial vehicles," he said.

On global business

Talking about the international business, Bajoria said JK Tyre's international subsidiaries Cavendish Industries and JK Tornel, Mexico, have taken a lot of actions and that a lot of demand — domestic and the export — are fully able to cater.

"We have huge exports to the US and Latin America, and even our domestic sales. Further, JK Tornel, we are focusing on further reducing costs to shore up our margins, our operating margins and so I am optimistic that JK Tornel is all set to achieve newer benchmarks going forward," he said.

JK Tyre is present in 105 countries with over 180 global distributors. It has 12 manufacturing facilities — nine in India and three in Mexico — that collectively produce around 35 million tyres annually.

Bajoria added that the company's plan of investing Rs. 500 crore is on track, and will be completed in the phased manner in the next two years, including the plant in Chennai to expand the capacities of passenger and commercial radial tyres.

No power supply tomorrow

Mysuru, Apr. 11- As Chamundeshwari Electricity Supply Corporation (CESC) will take up 2nd quarterly maintenance works tomorrow, power supply will be disrupted between 10 am and 5.30 pm in the following areas:

Siddique Nagar, Sri Shivarathreeshwara Nagar, Hanumantha Nagar, HUDCO 'C' Layout, KSRTC Layout, Industrial 'B' Layout, Highway Circle, surrounding areas of *Star of Mysore* and Cauvery Nagar, Belavatha, Sadanahalli, Siddalingapura, KR Mill, Naganahalli, Lakshmipura, Kalsthavadi, Benglauru-Mysuru Road, Subashnagar, Kesare 1st and 2nd Stages and surrounding areas, according to a press release from CESC Executive Engineer, NR Mohalla Division.

Protests in City

(Continued from page 1)

Condemning the action of retiring the workers aged 60 years, the protestors said that the midday meal workers who had served for more than 19 years were being sent off in a humiliating manner. They said that these workers had taken care of more than 50 lakh children across the State and were also responsible to instil interest among children on schools.

Pointing out that while joining work in 2001-02, only educational qualification and age was required and the age of retirement was not mentioned in the handbook, the protestors demanded that those who retired should be given full retirement benefits.

They also demanded that the retirement order of 31.3.2022 be changed to 10.4.2022, the hike of Rs. 1,000 in salary be implemented from Jan. 2022 itself, salaries be given on 5th of every month and not to outsource any type of works to private companies. Association Hon. President Sunanda, President K. Manjula, General Secretary Mangalamma, Treasurer Pushpa and others took part.

Lorry Owners Union

Giving the Government 30 days to fulfil their demands which included roll back of exorbitant fee levied by the Union Government on commercial vehicles which are 15 years old, rising diesel price, removal of border check posts and issue of permits to transport sand among others, the members of Mysore District Lorry Owners Union staged a protest near the Office of the Deputy Commissioner (DC) here this morning.

The protestors warned of launching stirs in Karnataka, Kerala, Tamil Nadu, Andhra Pradesh, Goa and Pondicherry if their demands were not met within 30 days.

Pointing out that the Central Government had decided to ban commercial vehicles which are 15-years-old and has increased the fee for re-registration and to obtain Fitness Certificate, the protestors said that they have not received any communication in this regard from the State Transport Department.

They stated that scrapping of commercial vehicles which are above 15 years would cause a lot of problems to farmers, who transport sugarcane to factories and also to single lorry owners.

Alleging that the price of diesel was being hiked on a daily basis since about 15 days, they said that it has become difficult to transport goods and earn a living. While the transportation cost has remained the same and the cost of diesel was increasing, the protestors said that the lorry owners after paying the salary of the drivers and spending on vehicle maintenance will not have a single paise with them for their day-today expenditure.

"Rules to transport sand has not been implemented and the officials have been calling meetings and wasting time. Sand has been accumulated on river banks and is entering agricultural fields, thus going waste. The Government should permit us to transport such sand which would also fetch revenue to the Government," they said.

Union President B. Kodandaramu, Vice-President Prakash F. Pereira, Mysuru City Goods Vehicles Owners' Association President Asgar and others took part in the protest.

The members of **Communist Part of India (CPI),** Mysore District Council, too condemned the hike in fuel prices, LPG, electricity and other essential commodities by staging a protest in front of Dr. B.R. Ambedkar statue in Town Hall premises.

Alleging that the Centre was putting heavy load on common man by hiking the prices, the protestors said that even prices of more than 800 essential medicines have been increased and has become out of reach for middle class families. They urged both the Union and State Governments to reduce the prices and help the poor. CPI leader H.R. Sheshadri, Secretary H.B. Ramakrishna, Joint Secretaries K.S. Revanna and K.J. Somaraje Urs and others were present.

'Besige Bandi' Camp at Nypunya School

'Besige Bandi,' the Summer Camp organised by Nypunya School of Excellence at its premises in R.T. Nagar, was launched by holding a procession from Kuvempunagar to R.T. Nagar this morning. Rangayana Mysuru Director Addanda C. Cariappa is seen flagging off the procession, featuring children dressed in rural costumes, bullock carts and folk troupes, in front of Kuvempu's statue in Kuvempunagar. Nypunya School Chairman R. Raghu, Principal Shilpa and Finance Advisor B.S. Narayana Gowda were present.

Two-day workshop on Changing Law trends

Mysuru, Apr.11(RKB&DM)- A two-day workshop on 'Changing Law Trends in Rights of Constitution' organised by Mysuru unit of ABVP began at the ABVP Office on N.S.Road here this morning.

Speaking after inaugurating the workshop, Dr. Ramesh, Dean, Department of Studies and Research in Law, University of Mysore, said that students in the past used to read only prescribed books for passing exams. But with advancements in Science and Technology, people can get the information they want at their fingertips, thanks to latest gadgets and accessories, he opined.

Pointing out that a law student should be an everyday learner like himself, Ramesh said that students should study and be able to interpret the landmark judgements of Courts and as well as the Apex Court.

Observing that a teacher should always be prepared to face any sort of questions on their subject by students, he said that likewise, the students too should be wise enough to have a understanding of the topic and ask pertinent questions that enhance their knowledge. Mysuru Bar Association Secretary S. Umesh, ABVP City President Prof. Siddaraju, Secretary M. Shivu and others were present.

About 60 students from different Law Colleges of the city are taking part in this workshop.

Obituary

Lakshmamma

Mysuru, Apr. 11- Lakshmamma (82), wife of late Ningegowda and a resident of Vijayanagar 4th Stage here, passed away yesterday in city.

'MAA Utsav' unites old students of Mysore Medical College

Mysuru, Apr. 11 (MK&TRR)- The day-long 'MAA Utsav-2022' organised by Mysore Medical College Alumni Association (MAA) at the Platinum Jubilee Hall in JK Grounds provided an opportunity to the old students of the College to unite and rewind their old memories on Saturday.

Many senior doctors, who have rendered yeomen service to the society, were honoured on the occasion:

Dr. H. Balakrishna Nayak, Dr. H.V. Chandralekha, Dr. Srinivas Dongre, Dr. Gladis Ruskin, Dr. Krishna R. Joshi, Dr. M. Sadadev, Dr. D. Satyanagaraj, Dr. Parvathamma, Dr. Sumathi Bhaskar, Dr. V. Saldanha, Dr. C.S. Hanumanthappa, Dr. L. Devegowda and Dr. C.J. Jagadeesh were felicitated.

> MMC is like a mother for all of us which has given high positions apart from education and we have to take care of our Alma Mater. We all belong to one family and must ensure the development of MMC&RI which is one of the oldest Medical Colleges in Karnataka.
>
> **—Dr. Kantha S. Jadhav**

Suyog Hospital Chairman Dr. S.P. Yoganna, Dr. B.R. Nataraj and Dr. B.D. Ganapathy, who were instrumental in the growth of the Association, were also felicitated.

Speaking on the occasion, Rajiv Gandhi University of Health Sciences (RGUHS) Vice-Chancellor Dr. M.K. Ramesh, said that if Mysore Medical College and Research Institute (MMC&RI) gives 3 to 5 acres of land, the Varsity would construct an ultra-modern Skill Laboratory.

He regretted that many students pass out with Master of Surgery course but are unable to insert even an Intravenous (IV) line nor perform a single Appendix Surgery. To help such students gain practical knowledge, Skill Laboratories are being set up at regional centres like Bengaluru, Mangaluru, Kalaburagi and Davanagere and if a suitable land is provided, one more Skill Laboratory will be built by 2024 in Mysuru to coincide with the centenary celebration of MMC&RI.

Post COVID-19, the mode of teaching has changed and infrastructures of online teaching are aplenty. Hence, it has been decided to offer 25 percent of total education through online, Dr. Ramesh said.

MLC Dr. D. Thimmaiah, who also spoke, assured that he will try to get the required land for a Skill Laboratory in Mysuru.

The newly constructed dining hall in MMC&RI was inaugurated by Dr. Kantha S. Jadhav, the first and now retired Vice-Chancellor of RGUHS.

Prior to this, a Scientific Programme was inaugurated by K.R. Hospital's retired Superintendent Dr. B.D. Ganapathy. MAA Trust Chairman Dr. S. Chandrashekar Shetty, MAA Trust Secretary Dr. M.A. Shekar, MMC&RI Dean and Director Dr. H.N. Dinesh, MAA President Dr. B.N. Anandaravi, MAA Secretary Dr. P. Malegowda, MAA Treasurer Dr. H.B. Shashidhar and others were on the occasion.

Drona Automation, Team Code Eco, Aeronuts shine in TiE Pitchfest

Mysuru, Apr. 11 (BCT)- Next time the sewer pipe in your apartment complex is clogged, you have to just call 'Drona Automation' to send their robots for pipe inspection and cleaning.

If you have to pick up a spot for drilling a borewell and understand the depth for drilling, then there is a technology from Team Code Eco, from CMR Institute of Technology, called 'Lok Trusha' which can help you understand and locate the precise spot for drilling.

If your inquisitive child has to pick up a hobby, there are Do It Yourself (DIY) kits from Aeronuts to help them learn, explore and innovate in the field of aerospace.

These three were some of the innovative ideas that were a part of The Indus Entrepreneurs (TiE) Pitch University Pitchfest 2022. There were nearly 100 teams from Karnataka who participated in the competition. 20 teams were selected for mentoring and five made it to the finals.

Team Code Eco were the winners while Aeronuts and Drona Automation were declared the runners-up. The winners were given Rs. 75,000 and would represent TiE Mysuru in the global competition while the runners-up got Rs. 25,000 each.

Lok Trusha is a complete solution to determine underground water levels and other details with data analytics to help farmers and boost the agricultural economy of the country.

It aims to understand the groundwater scenarios in the country and gives a broad classification of groundwater levels using statistical and arithmetical solutions along with various other factors affecting underground water. It provides an advanced solution to scout for water aquifers and other unknown water resources.

Drona Automations is into cleaning and inspection of sewer pipes of manholes and commercial buildings using low-cost robots. Aeronuts is an ed-tech start-up that seeks to preserve and shape the curiosity of children from an early age in the field of aeronautical and aerospace sciences with STEM-based DIY kits and interactive workshops.

The other two teams, which made it to the finals, included JobSetu, a Mysuru-based job portal for blue-collar workers and Bin2Bricks, a start-up idea for converting construction debris to bricks.

JobSetu is an Artificial Intelligence and Blockchain enterprise solution that efficiently matches blue-collar workers with potential job providers in the gig market. It is an early-stage start-up co-founded by Chandrakanth and Shreyas Aradhya from JSS Science and Technology University, Mysuru.

Bin2Bricks is a four-member team from MIT Mysuru working to clean the city of construction and demolition waste by recycling it to manufacture bricks.

The panel of judges included Ajith Pai, Founder and Partner, PaiPal Ventures, Past President TiE Mysuru Chapter, Pavan Ranga, Founder & CEO of Rangsons Aerospace, Angel Investor, Anantha Bhat, Founder and Director, Chowki Services Pvt Ltd.

The event was supported by K-Tech Innovation Hub and SJCE-STEP. Sudhanva Dhananjaya, President of TiE Mysuru, spoke about the support that TiE Mysuru has been providing to entrepreneurs and start-ups.

Raghunandan Rajamani, Project Head, K-Tech Innovation Hub, offered incubation, product development support and mentorship support to all the finalists. Srinivas Varadarajan, CEO, Vigyanlabs Innovations Pvt. Ltd., spoke in the founder series of TiE Mysuru. Shivashankar, TiE University Pitchfest lead, provided the details of the Pitchfest and the achievements.

Civilian Rifle Training Camp held

Mysuru, Apr. 11 (MTY&DM)- City Armed Reserve (CAR) DCP Shivaraju, who is also the Secretary of Mysuru City Civilian Rifle Training Association, said that citizens must register for rifle training in order to protect themselves from anti-social elements and also for self-defence.

He was speaking at the valedictory of Civilian Rifle Training Camp at the City Police Sports Club here yesterday.

Pointing out that the Police Department has been training citizens in rifle shooting since many years as a tool of self-defence, he called upon the citizens to undergo rifle training in order to protect themselves from anti-social elements and during emergencies. Shivaraju said that the participants are also taught ways of using the rifles.

Pointing out that the camp will be usually held in the month of January or February every year, he said that admission is restricted to 40 persons per batch.

Stating that experts will impart training, he appealed the citizens to make use of this opportunity and get themselves trained in rifle shooting.

Abhiraj, Hidayatullah Sharif and Manjunath S. Gowda, who excelled at the camp were awarded first, second and third prizes respectively and all the camp participants were distributed certificates.

Nadanahalli Ravi and Manjunath S. Gowda shared their experience at the camp. Vanishree Bhat rendered invocation. Spoorthiraj Vivek welcomed. Hitaishi Bhat proposed a vote of thanks.

Rifle Association Joint Secretary and CAR ACP H.V. Veeranna, Ammunition in-Charge Inspector Ramu, trainers Sridhar, Madegowda and Hemanthkumar, Co-ordinator Channabasavaiah and others were present during the valedictory.

Winners of Rajiv Gandhi Cup Football Tournament

Mysuru, Apr. 11 (MK&KS)- The Tamil Nadu's Women Police team and Bengaluru's Austin Town team have emerged winners in Women and Men Division of the State-level Rajiv Gandhi Cup Football Tournament organised by Mysuru District Rural Youth Congress Committee at the Railway Grounds on Manandavadi Road here yesterday.

In the finals of the three-day tournament, the Tamil Nadu's women defeated Bengaluru's Modern Girls' team 10-7 points. Mythri of Modern Girls team and Shravanya, goalkeeper of Tamil Nadu's Women Police team, bagged the Best Performers award. National Youth Football players Simran Bhargav, Triya Menon and Indumati were felicitated on the occasion.

Men's Division: In the men's final match, Bengaluru's Austin Town team defeated Bengaluru Railways team 4-2 to become champions.

Addressing the gathering after distributing prizes to the winning women's team, KPCC Working President R. Dhruvanarayan said that it is for the first time that a State-level Football Tourney has been organised by Mysuru District Rural Youth Congress Committee in Mysuru.

Pointing out that football is the most popular sport in the world, Dhruvanarayan said that many teams from other States had participated in the tournament which is laudable.

District Congress President Dr. B.J. Vijaykumar, Youth Congress District President Donald F. Nirmanik, Youth Congress leaders Pradeep, Deepak Shivanna, Amjad Khan and others were present during the prize distribution.

KPCC Working President R. Dhruvanarayan presenting winner's trophy to Tamil Nadu's Women Police team which emerged champions in the State-level Rajiv Gandhi Cup Football Tournament at the Railway Grounds on Manandavadi Road in city yesterday. Picture below shows Bengaluru's Austin Town team which won in Men's Division of the Tournament.

WORD OF THE DAY

Palatable

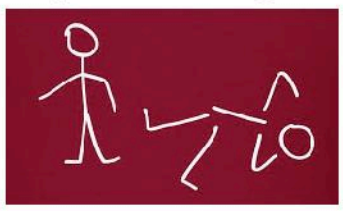
Pronunciation: PAL-uh-tuh-bul.
Meaning: Palatable can mean "agreeable to one's sense of taste or palate" or "agreeable or acceptable to the mind."
Origin: Palatable comes from palate, a word for the roof of the mouth, which itself comes from Latin palatum. The palate was once thought of as the seat of the sense of taste, so the word eventually came to mean "sense of taste," or broadly, "liking."
Example: "He felt the applicant made the proposal as palatable to the board as possible and feared that other potential uses of the property such as commercial businesses or restaurants could have higher traffic volumes." — Josh Janney

THE ODD WORD

Palaeolimnology
Study of ancient fish or lakes.

PHRASE OF THE DAY

Pull yourself together



Meaning: The phrase 'Pull Yourself Together' means to get control of your emotions and actions.
Origin: The origin of the idiom 'pull yourself together' isn't known for certain. What is known is that its meaning is closely related to that of another popular idiom, 'mind over matter.' 'Mind over matter' is a very old idiom – it was used in 70 BCE by the poet Virgil, in his poem The Aeneid.
Example: "He's finding it hard to pull himself together after the accident."

QUOTE BOX

Every man should pull a boat over a mountain once in his life.

—Werner Herzog

RIDDLE THIS

Solve the rebus:

THORN

Answer: Thorn in the side.

CROSS WORD

ACROSS:
1 Smoke-duct
